Work Experience

Front-end Developer and Graphic Designer
FundMore.ai
May. 2019 - Present

- Created wireframes and prototypes for an automated underwriting solution for the mortgage industry. Which led to an increase in fundraising opportunities and awareness.
- Converted UI design to Angular application using Angular Material.
- Designed company branding materials from scratch, and worked with the marketing team to direct design decisions and boost our company.

Web Developer - Independent Contract
seoplus+
Apr. 2020 - Present

- Converted Figma and Adobe XD designs into pixel perfect WordPress websites for a variety of clients.
- Developed custom Wordpress websites with Advanced Custom Fields, and made sure that they have an easy-to-use interface, and faster page loads by optimizing sites.

Lead Visual Designer / Co-Founder
HOSTCLASS
Mar. 2020 - Sep. 2020

- Defined project goals and key features of an application.
- Led a design team to centralized visual assets, including branding materials, UI assets, and website design.
- Created wireframes and built multiple high-fidelity prototypes to demonstrate the user experience to the dev team and investors.

Graphic Design Intern
Comm2pO
Sep. 2018 - Dec. 2018

- Improved company WordPress website to present services in a more user friendly manner.
- Coordinated with the creative team to produce client branding while consistently meeting deadlines and requirements.
- Produced various graphic designs to boost the company's exposure and followers on social media platforms. (Facebook, LinkedIn and Instagram)
